Sub: Education - Fisheries - Schools - Kaup - Additional teachers - Continuance - Proposals.

In G.O.Ms.No.1266 Dev. dated 24-3-47, Government sanctioned the employment of two additional teachers one of Higher Elementary grade and the other of Secondary grade in the Fisheries school at Kaup bringing the total number of teachers to five The sanction accorded for the Higher Elementary grade teacher having ~~expired~~ expired on 31-7-48, the Government in their order No.Ms.3850 Development dated 20-7-48 sanctioned the continuance of the post till 31-3-50. As regards the Secondary grade teacher he was actually appointed with effect from 2-2-48 and the sanction for the post will expire on 1-2-49. A statement showing the classwar strength and average attendance of the school during the months July, August and September 1948 is enclosed. The existing strength and average attendance justify the employment of all the five teachers. The Assistant Director (Coast) anticipates an increase in the strength and average attendance during the next school year and considers that the retention of the fifth teacher is absolutely necessary. I agree with him and request that sanction of Government may be accorded to the continuance of the post of secondary grade teacher till 31-3-50.

Necessary provision has been included in the Budget Estimate for the continuance of the above post.
